

AUTHORIZED
 INFORMATION TECHNOLOGY SCHEDULE PRICELIST
 GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY
 EQUIPMENT, SOFTWARE AND SERVICES

Contract Number: GS-35F-0059J

Special Item No. 132-51 Information Technology Professional Services

Note: All non-professional labor categories must be incidental to and used solely to support hardware, software and/or professional services, and cannot be purchased separately.

SPECIAL ITEM NUMBER 132-51/132-51RC - INFORMATION TECHNOLOGY (IT) PROFESSIONAL SERVICES

- FPDS Code D301 IT Facility Operation and Maintenance
- FPDS Code D302 IT Systems Development Services
- FPDS Code D306 IT Systems Analysis Services
- FPDS Code D307 Automated Information Systems Design and Integration Services
- FPDS Code D308 Programming Services
- FPDS Code D310 IT Backup and Security Services
- FPDS Code D311 IT Data Conversion Services
- FPDS Code D313 Computer Aided Design/Computer Aided Manufacturing (CAD/CAM) Services
- FPDS Code D316 IT Network Management Services
- FPDS Code D317 Creation/Retrieval of IT Related Automated News Services, Data Services, or Other Information Services (All other information services belong under Schedule 76)
- FPDS Code D399 Other Information Technology Services, Not Elsewhere Classified

Note 1: All non-professional labor categories must be incidental to and used solely to support hardware, software and/or professional services, and cannot be purchased separately.

Note 2: Offerors and Agencies are advised that the Group 70 – Information Technology Schedule is not to be used as a means to procure services which properly fall under the Brooks Act. These services include, but are not limited to, architectural, engineering, mapping, cartographic production, remote sensing, geographic information systems, and related services. FAR 36.6 distinguishes between mapping services of an A/E nature and mapping services which are not connected nor incidental to the traditionally accepted A/E Services.

Note 3: This solicitation is not intended to solicit for the reselling of IT Professional Services, except for the provision of implementation, maintenance, integration, or training services in direct support of a product. Under such circumstances the services must be performance by the publisher or manufacturer or one of their authorized agents.

Analytical Solutions, Inc.

| Small Business Participation | 22 |

INFORMATION FOR ORDERING ACTIVITIES APPLICABLE TO ALL SPECIAL ITEM NUMBERS

SPECIAL NOTICE TO AGENCIES: Small Business Participation

SBA strongly supports the participation of small business concerns in the Federal Acquisition Service. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micropurchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage!TM on-line shopping service (www.gsaadvantage.gov). The catalogs/pricelists, GSA Advantage!TM and the Federal Acquisition Service Home Page (www.fss.gsa.gov) contain information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micropurchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

1. GEOGRAPHIC SCOPE OF CONTRACT:

Domestic delivery is delivery within the 48 contiguous states, Alaska, Hawaii, Puerto Rico, Washington, DC, and U.S. Territories. Domestic delivery also includes a port or consolidation point, within the aforementioned areas, for orders received from overseas activities.

Overseas delivery is delivery to points outside of the 48 contiguous states, Washington, DC, Alaska, Hawaii, Puerto Rico, and U.S. Territories.

Offerors are requested to check one of the following boxes:

- The Geographic Scope of Contract will be domestic and overseas delivery.
- The Geographic Scope of Contract will be overseas delivery only.
- The Geographic Scope of Contract will be domestic delivery only.

2. CONTRACTOR'S ORDERING ADDRESS AND PAYMENT INFORMATION:

**Analytical Solutions, Inc.
4021 Executive Drive
Dayton, OH**

Contractor must accept the credit card for payments equal to or less than the micro-purchase for oral or written orders under this contract. Credit cards will be accepted for payment above the micro-purchase threshold. In addition, bank account information for wire transfer payments will be shown on the invoice.

The following telephone number(s) can be used by ordering activities to obtain technical and/or ordering assistance:

(937) 426-3421

When Authorized Dealers are allowed by the Contractor to bill ordering activities and accept payment, the order and/or payment must be in the name of the Contractor, in care of the Authorized Dealer.

3. LIABILITY FOR INJURY OR DAMAGE

The Contractor shall not be liable for any injury to ordering activity personnel or damage to ordering activity property arising from the use of equipment maintained by the Contractor, unless such injury or damage is due to the fault or negligence of the Contractor.

4. STATISTICAL DATA FOR GOVERNMENT ORDERING OFFICE COMPLETION OF STANDARD FORM 279:

Block 9: G. Order/Modification Under Federal Schedule
Block 16: Data Universal Numbering System (DUNS) Number: 932117112
Block 30: Type of Contractor – C: Large Business

Block 31: Woman-Owned Small Business -No
Block 36: Contractor's Taxpayer Identification Number (TIN): 54-1713322

- 4a. CAGE Code: 1B1VO
- 4b. Contractor has/has registered with the Central Contractor Registration Database.

5. FOB DESTINATION within the 48 contiguous states.

6. DELIVERY SCHEDULE

a. **TIME OF DELIVERY:** The Contractor shall deliver to destination within the number of calendar days after receipt of order (ARO), as set forth below:

| SPECIAL ITEM NUMBER | DELIVERY TIME (Days ARO) |
|---------------------|--|
| 132-51 | As agreed to by the ordering agency and the contractor |

b. **URGENT REQUIREMENTS:** When the Federal Supply Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering activity, ordering activities are encouraged, if time permits, to contact the Contractor for the purpose of obtaining accelerated delivery. The Contractor shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies shall be confirmed by the Contractor in writing.) If the Contractor offers an accelerated delivery time acceptable to the ordering activity, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

7. DISCOUNTS: Prices shown are NET Prices; Basic Discounts have been deducted.

- a. Prompt Payment: None.
- b. Quantity: None
- c. Dollar Volume None
- d. Government Educational Institutions None
- e. Other

8. TRADE AGREEMENTS ACT OF 1979, as amended:

All items are U.S. made end products, designated country end products, Caribbean Basin country end products, Canadian end products, or Mexican end products as defined in the Trade Agreements Act of 1979, as amended.

9. STATEMENT CONCERNING AVAILABILITY OF EXPORT PACKING.

10. Small Requirements: The minimum dollar value of orders to be issued is \$100.00.

11. MAXIMUM ORDER (All dollar amounts are exclusive of any discount for prompt payment.)

- a. The Maximum Order value for the following Special Item Numbers (SINs) is \$500,000:
Special Item Number 132-51/132-51RC - Information Technology Professional Services

12. ORDERING PROCEDURES FOR FEDERAL SUPPLY SCHEDULE CONTRACTS

Ordering activities shall use the ordering procedures of Federal Acquisition Regulation (FAR) 8.405 when placing an order or establishing a BPA for supplies or services. These procedures apply to all schedules.

- a. FAR 8.405-1 Ordering procedures for supplies, and services not requiring a statement of work.
- b. FAR 8.405-2 Ordering procedures for services requiring a statement of work.

13. FEDERAL INFORMATION TECHNOLOGY/TELECOMMUNICATION STANDARDS

REQUIREMENTS: ordering activities acquiring products from this Schedule must comply with the provisions of the Federal Standards Program, as appropriate (reference: NIST Federal Standards Index). Inquiries to determine whether or not specific products listed herein comply with Federal Information Processing Standards (FIPS) or Federal Telecommunication Standards (FED-STDS), which are cited by ordering activities, shall be responded to promptly by the Contractor.

13.1 FEDERAL INFORMATION PROCESSING STANDARDS PUBLICATIONS (FIPS PUBS):

Information Technology products under this Schedule that do not conform to Federal Information Processing Standards (FIPS) should not be acquired unless a waiver has been granted in accordance with the applicable "FIPS Publication." Federal Information Processing Standards Publications (FIPS PUBS) are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Information concerning their availability and applicability should be obtained from the National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, Virginia 22161. FIPS PUBS include voluntary standards when these are adopted for Federal use. Individual orders for FIPS PUBS should be referred to the NTIS Sales Office, and orders for subscription service should be referred to the NTIS Subscription Officer, both at the above address, or telephone number (703) 487-4650.

13.2 FEDERAL TELECOMMUNICATION STANDARDS (FED-STDS): Telecommunication products under this Schedule that do not conform to Federal Telecommunication Standards (FED-STDS) should not be acquired unless a waiver has been granted in accordance with the applicable "FED-STD." Federal Telecommunication Standards are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Ordering information and information concerning the availability of FED-STDS should be obtained from the GSA, Federal Acquisition Service, Specification Section, 470 East L'Enfant Plaza, Suite 8100, SW, Washington, DC 20407, telephone number (202)619-8925. Please include a

self-addressed mailing label when requesting information by mail. Information concerning their applicability can be obtained by writing or calling the U.S. Department of Commerce, National Institute of Standards and Technology, Gaithersburg, MD 20899, telephone number (301)975-2833.

14. CONTRACTOR TASKS / SPECIAL REQUIREMENTS (C-FSS-370) (NOV 2003)

- (a) Security Clearances: The Contractor may be required to obtain/possess varying levels of security clearances in the performance of orders issued under this contract. All costs associated with obtaining/possessing such security clearances should be factored into the price offered under the Multiple Award Schedule.
- (b) Travel: The Contractor may be required to travel in performance of orders issued under this contract. Allowable travel and per diem charges are governed by Pub .L. 99-234 and FAR Part 31, and are reimbursable by the ordering agency or can be priced as a fixed price item on orders placed under the Multiple Award Schedule. Travel in performance of a task order will only be reimbursable to the extent authorized by the ordering agency. The Industrial Funding Fee does NOT apply to travel and per diem charges.
- (c) Certifications, Licenses and Accreditations: As a commercial practice, the Contractor may be required to obtain/possess any variety of certifications, licenses and accreditations for specific FSC/service code classifications offered. All costs associated with obtaining/ possessing such certifications, licenses and accreditations should be factored into the price offered under the Multiple Award Schedule program.
- (d) Insurance: As a commercial practice, the Contractor may be required to obtain/possess insurance coverage for specific FSC/service code classifications offered. All costs associated with obtaining/possessing such insurance should be factored into the price offered under the Multiple Award Schedule program.
- (e) Personnel: The Contractor may be required to provide key personnel, resumes or skill category descriptions in the performance of orders issued under this contract. Ordering activities may require agency approval of additions or replacements to key personnel.
- (f) Organizational Conflicts of Interest: Where there may be an organizational conflict of interest as determined by the ordering agency, the Contractor's participation in such order may be restricted in accordance with FAR Part 9.5.
- (g) Documentation/Standards: The Contractor may be requested to provide products or services in accordance with rules, regulations, OMB orders, standards and documentation as specified by the agency's order.
- (h) Data/Deliverable Requirements: Any required data/deliverables at the ordering level will be as specified or negotiated in the agency's order.
- (i) Government-Furnished Property: As specified by the agency's order, the Government may provide property, equipment, materials or resources as necessary.
- (j) Availability of Funds: Many Government agencies' operating funds are appropriated for a specific fiscal year. Funds may not be presently available for any orders placed under the contract or any option year. The Government's obligation on orders placed under this contract is contingent upon the availability of appropriated funds from which payment for ordering purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are available to the ordering Contracting Officer.
- (k) Overtime: For professional services, the labor rates in the Schedule should not vary by virtue of the Contractor having worked overtime. For services applicable to the Service Contract Act (as identified in the Schedule), the

labor rates in the Schedule will vary as governed by labor laws (usually assessed a time and a half of the labor rate).

15. CONTRACT ADMINISTRATION FOR ORDERING ACTIVITIES: Any ordering activity, with respect to any one or more delivery orders placed by it under this contract, may exercise the same rights of termination as might the GSA Contracting Officer under provisions of FAR 52.212-4, paragraphs (l) Termination for the ordering activity's convenience, and (m) Termination for Cause (See 52.212-4)

16. GSA ADVANTAGE!

GSA Advantage! is an on-line, interactive electronic information and ordering system that provides on-line access to vendors' schedule prices with ordering information. GSA Advantage! will allow the user to perform various searches across all contracts including, but not limited to:

- (1) Manufacturer;
- (2) Manufacturer's Part Number; and
- (3) Product categories.

Agencies can browse GSA Advantage! by accessing the Internet World Wide Web utilizing a browser (ex.: NetScape). The Internet address is <http://www.gsaadvantage.gov>

17. PURCHASE OF OPEN MARKET ITEMS

NOTE: Open Market Items are also known as incidental items, noncontract items, non-Schedule items, and items not on a Federal Supply Schedule contract. ODCs (Other Direct Costs) are not part of this contract and should be treated as open market purchases. Ordering Activities procuring open market items must follow FAR 8.402(f).

For administrative convenience, an ordering activity contracting officer may add items not on the Federal Supply Multiple Award Schedule (MAS) -- referred to as open market items -- to a Federal Supply Schedule blanket purchase agreement (BPA) or an individual task or delivery order, **only if-**

- (1) All applicable acquisition regulations pertaining to the purchase of the items not on the Federal Supply Schedule have been followed (e.g., publicizing (Part 5), competition requirements (Part 6), acquisition of commercial items (Part 12), contracting methods (Parts 13, 14, and 15), and small business programs (Part 19));
- (2) The ordering activity contracting officer has determined the price for the items not on the Federal Supply Schedule is fair and reasonable;
- (3) The items are clearly labeled on the order as items not on the Federal Supply Schedule; and
- (4) All clauses applicable to items not on the Federal Supply Schedule are included in the order.

18. CONTRACTOR COMMITMENTS, WARRANTIES AND REPRESENTATIONS

a. For the purpose of this contract, commitments, warranties and representations include, in addition to those agreed to for the entire schedule contract:

- (1) Time of delivery/installation quotations for individual orders;
- (2) Technical representations and/or warranties of products concerning performance, total system performance and/or configuration, physical, design and/or functional characteristics and capabilities of a product/equipment/ service/software package submitted in response to requirements which result in orders under this schedule contract.

(3) Any representations and/or warranties concerning the products made in any literature, description, drawings and/or specifications furnished by the Contractor.

b. The above is not intended to encompass items not currently covered by the GSA Schedule contract.

19. OVERSEAS ACTIVITIES

The terms and conditions of this contract shall apply to all orders for installation, maintenance and repair of equipment in areas listed in the pricelist outside the 48 contiguous states and the District of Columbia, except as indicated below:

N/A

Upon request of the Contractor, the ordering activity may provide the Contractor with logistics support, as available, in accordance with all applicable ordering activity regulations. Such ordering activity support will be provided on a reimbursable basis, and will only be provided to the Contractor's technical personnel whose services are exclusively required for the fulfillment of the terms and conditions of this contract.

20. BLANKET PURCHASE AGREEMENTS (BPAs)

The use of BPAs under any schedule contract to fill repetitive needs for supplies or services is allowable. BPAs may be established with one or more schedule contractors. The number of BPAs to be established is within the discretion of the ordering activity establishing the BPA and should be based on a strategy that is expected to maximize the effectiveness of the BPA(s). Ordering activities shall follow FAR 8.405-3 when creating and implementing BPA(s).

21. CONTRACTOR TEAM ARRANGEMENTS

Contractors participating in contractor team arrangements must abide by all terms and conditions of their respective contracts. This includes compliance with Clauses 552.238-74, Industrial Funding Fee and Sales Reporting, i.e., each contractor (team member) must report sales and remit the IFF for all products and services provided under its individual contract.

22. INSTALLATION, DEINSTALLATION, REINSTALLATION

The Davis-Bacon Act (40 U.S.C. 276a-276a-7) provides that contracts in excess of \$2,000 to which the United States or the District of Columbia is a party for construction, alteration, or repair (including painting and decorating) of public buildings or public works with the United States, shall contain a clause that no laborer or mechanic employed directly upon the site of the work shall receive less than the prevailing wage rates as determined by the Secretary of Labor. The requirements of the Davis-Bacon Act do not apply if the construction work is incidental to the furnishing of supplies, equipment, or services. For example, the requirements do not apply to simple installation or alteration of a public building or public work that is incidental to furnishing supplies or equipment under a supply contract. However, if the construction, alteration or repair is segregable and exceeds \$2,000, then the requirements of the Davis-Bacon Act applies.

The ordering activity issuing the task order against this contract will be responsible for proper administration and enforcement of the Federal labor standards covered by the Davis-Bacon Act. The proper Davis-Bacon wage determination will be issued by the ordering activity at the time a request for quotations is made for applicable construction classified installation, deinstallation, and reinstallation services under SIN 132-8 or 132-9.

23. SECTION 508 COMPLIANCE.

If applicable, Section 508 compliance information on the supplies and services in this contract are available in Electronic and Information Technology (EIT) at the following:

www.macb.com

The EIT standard can be found at: www.Section508.gov/.

24. PRIME CONTRACTOR ORDERING FROM FEDERAL SUPPLY SCHEDULES.

Prime Contractors (on cost reimbursement contracts) placing orders under Federal Supply Schedules, on behalf of an ordering activity, shall follow the terms of the applicable schedule and authorization and include with each order –

- (a) A copy of the authorization from the ordering activity with whom the contractor has the prime contract (unless a copy was previously furnished to the Federal Supply Schedule contractor); and
- (b) The following statement:

This order is placed under written authorization from _____ dated _____. In the event of any inconsistency between the terms and conditions of this order and those of your Federal Supply Schedule contract, the latter will govern.

25. INSURANCE—WORK ON A GOVERNMENT INSTALLATION (JAN 1997)(FAR 52.228-5)

- (a) The Contractor shall, at its own expense, provide and maintain during the entire performance of this contract, at least the kinds and minimum amounts of insurance required in the Schedule or elsewhere in the contract.
- (b) Before commencing work under this contract, the Contractor shall notify the Contracting Officer in writing that the required insurance has been obtained. The policies evidencing required insurance shall contain an endorsement to the effect that any cancellation or any material change adversely affecting the Government's interest shall not be effective—
 - (1) For such period as the laws of the State in which this contract is to be performed prescribe; or
 - (2) Until 30 days after the insurer or the Contractor gives written notice to the Contracting Officer, whichever period is longer.
- (c) The Contractor shall insert the substance of this clause, including this paragraph (c), in subcontracts under this contract that require work on a Government installation and shall require subcontractors to provide and maintain the insurance required in the Schedule or elsewhere in the contract. The Contractor shall maintain a copy of all subcontractors' proofs of required insurance, and shall make copies available to the Contracting Officer upon request.

26. SOFTWARE INTEROPERABILITY.

Offerors are encouraged to identify within their software items any component interfaces that support open standard interoperability. An item's interface may be identified as interoperable on the basis of participation in a Government agency-sponsored program or in an independent organization program. Interfaces may be identified by reference to an interface registered in the component registry located at <http://www.core.gov>.

27. ADVANCE PAYMENTS

A payment under this contract to provide a service or deliver an article for the United States Government may not be more than the value of the service already provided or the article already delivered. Advance or pre-payment is not authorized or allowed under this contract. (31 U.S.C. 3324)

28. RECOVERY PURCHASING

The following SIN is incorporated to include Recovery Purchasing. Clauses 552.238-76 Definition Federal Supply Schedules—Recovery Purchasing (FEB 2007) and 552.238-80 Use of Federal Supply Schedule Contracts by Certain Entities—Recovery Purchasing (FEB 2007) apply:

SPECIAL ITEM NUMBER 132-51RC - IT PROFESSIONAL SERVICES

**TERMS AND CONDITIONS APPLICABLE TO INFORMATION TECHNOLOGY (IT)
PROFESSIONAL SERVICES (SPECIAL ITEM NUMBER 132-51 and 132-51RC)**

1. SCOPE

- a. The prices, terms and conditions stated under Special Item Number 132-51 Information Technology Professional Services apply exclusively to IT Services within the scope of this Information Technology Schedule.
- b. The Contractor shall provide services at the Contractor's facility and/or at the ordering activity location, as agreed to by the Contractor and the ordering activity.

2. PERFORMANCE INCENTIVES I-FSS-60 Performance Incentives (April 2000)

- a. Performance incentives may be agreed upon between the Contractor and the ordering activity on individual fixed price orders or Blanket Purchase Agreements under this contract.
- b. The ordering activity must establish a maximum performance incentive price for these services and/or total solutions on individual orders or Blanket Purchase Agreements.
- c. Incentives should be designed to relate results achieved by the contractor to specified targets. To the maximum extent practicable, ordering activities shall consider establishing incentives where performance is critical to the ordering activity's mission and incentives are likely to motivate the contractor. Incentives shall be based on objectively measurable tasks.

3. ORDER

- a. Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 (Deviation – May 2003) Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.
- b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

4. PERFORMANCE OF SERVICES

- a. The Contractor shall commence performance of services on the date agreed to by the Contractor and the ordering activity.
- b. The Contractor agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the ordering activity.
- c. The ordering activity should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be completed in a good and workmanlike manner.
- d. Any Contractor travel required in the performance of IT Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established

Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.

5. STOP-WORK ORDER (FAR 52.242-15) (AUG 1989)

(a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-

- (1) Cancel the stop-work order; or
- (2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.

(b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-

- (1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and
- (2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.

(c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

(d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

6. INSPECTION OF SERVICES

The Inspection of Services–Fixed Price (AUG 1996) (Deviation 1 – May 2003) clause at FAR 52.246-4 applies to firm-fixed price orders placed under this contract. The Inspection–Time-and-Materials and Labor-Hour (May 2001) (Deviation 1 – May 2003) clause at FAR 52.246-6 applies to time-and-materials and labor-hour orders placed under this contract.

7. RESPONSIBILITIES OF THE CONTRACTOR

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character. If the end product of a task order is software, then FAR 52.227-14 (Deviation – Dec 2007) Rights in Data – General, may apply.

8. RESPONSIBILITIES OF THE ORDERING ACTIVITY

Subject to security regulations, the ordering activity shall permit Contractor access to all facilities necessary to perform the requisite IT Services.

9. INDEPENDENT CONTRACTOR

All IT Services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the ordering activity.

10. ORGANIZATIONAL CONFLICTS OF INTEREST

a. Definitions.

“Contractor” means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a party to this contract.

“Contractor and its affiliates” and “Contractor or its affiliates” refers to the Contractor, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the Contractor, any entity into or with which the Contractor subsequently merges or affiliates, or any other successor or assignee of the Contractor.

An “Organizational conflict of interest” exists when the nature of the work to be performed under a proposed ordering activity contract, without some restriction on ordering activities by the Contractor and its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor’s or its affiliates’ objectivity in performing contract work.

b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the ordering activity, ordering activities may place restrictions on the Contractors, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508.

11. INVOICES

The Contractor, upon completion of the work ordered, shall submit invoices for IT services. Progress payments may be authorized by the ordering activity on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones or interim products. Invoices shall be submitted monthly for recurring services performed during the preceding month.

12. PAYMENTS

For firm-fixed price orders the ordering activity shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for service rendered and accepted. Progress payments shall be made only when authorized by the order. For time-and-materials orders, the Payments under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (OCT 2008) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to time-and-materials orders placed under this contract. For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (OCT 2008) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to labor-hour orders placed under this contract. 52.216-31(Feb 2007) Time-and-Materials/Labor-Hour Proposal Requirements—Commercial Item Acquisition As prescribed in 16.601(e)(3), insert the following provision:

(a) The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.

(b) The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by—

- (1) The offeror;
- (2) Subcontractors; and/or
- (3) Divisions, subsidiaries, or affiliates of the offeror under a common control.

13. RESUMES

Resumes shall be provided to the GSA Contracting Officer or the user ordering activity upon request.

14. INCIDENTAL SUPPORT COSTS

Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the ordering activity in accordance with the guidelines set forth in the FAR.

15. APPROVAL OF SUBCONTRACTS

The ordering activity may require that the Contractor receive, from the ordering activity's Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.

16. DESCRIPTION OF IT SERVICES AND PRICING

MANAGEMENT SERIES

Program Manager

- A. Experience Requirements:** Ten (10) years of progressive technical experience in increasing complex projects, two (2) years in managing large, complex project management or computer operations. One (1) year of intensive and progressive experience managing complex organizations for which he/she had total responsibility for the financial success of the organization.
- B. Education and Other Requirements:** Must have graduate degree or equivalent.
- C. Substitutions:** A one-to-one ratio for experience in lieu of education is permitted.
- D. Responsibilities:** Manages substantial contract support operations including multiple projects. Organizes, directs, and coordinates planning and production of all phases of the contractor's contract support activities. Communicates orally and in writing with all levels of management for planning and control of projects. Meets with Government management personnel and contractor managers. Formulates and reviews strategic plans and studies, determines contract costs, and ensures conformance with standards. Assigns, schedules, and reviews work of subordinates. Explains policies, purpose, and goals of the contractor organization to subordinates.

Technical Expert

- A. Experience Requirements:** Ten (10) years of experience as required by the task assignments. May or may not have any supervisor's responsibilities.
- B. Education and Other Requirements:** Must have Masters Degree or equivalent in a technical services field related to the task assignment needs.
- C. Substitutions:** A one-to-one ratio for experience in lieu of education is permitted.
- D. Responsibilities:** Undertakes significant complex analysis within technical area of expertise. Capable of

synthesis of technical information across multidisciplinary studies. Can assume ultimate technical judgment in area of expertise. Capable of leading a project team.

Project Manager

- A. Experience Requirements:** Seven (7) years of progressive technical and/or ADP related experience. Two (2) years in managing complex projects, including technical projects or computer operations.
- B. Education and Other Requirements:** Must have Masters Degree or equivalent.
- C. Substitutions:** A one-to-one ratio for experience in lieu of education is permitted.
- D. Responsibilities:** Plans and supervises several Technical Services projects, including all phases of project and/or facilities management. Responsible for the administrative and technical direction of project personnel. Responsible for total quality management of the products and services delivered to the Government and implementation of the contractor's quality assurance plan. May delegate project/technical task leadership to other subordinate skill category personnel as defined in task assignment. Organizes, directs, and manages contractor's task order service delivery within a reasonable span of control, time frame, and budget constraints. Schedules and assigns duties to subordinates. Meets with Government personnel and contractor task leaders. Formulates and reviews task order plan and deliverable items, and determines and negotiates standards. Assigns, schedules, and reviews work of subordinates.

SYSTEM ANALYST/PROGRAMMER SERIES

System Analyst/Programmer V

- A. Experience Requirements:** Ten (10) years of experience in systems programming and/or analysis. Two (2) years in managing large complex technical or computer operations projects.
- B. Education and Other Requirements:** Must have Masters Degree or equivalent.
- C. Substitutions:** A one-to-one ratio for experience in lieu of education is permitted.
- D. Responsibilities:** Works as a functional leader in support of client technical areas. Performs requirements analysis for highly complex systems. Leads team of analysts in highly complex studies. Supervises and coordinates activities of analyst and programming personnel. Designs analysis process and delegates analytical assignments to analysts and development assignments to programmers. Proposes appropriate analytical system development methodologies and develops work plans. Makes use of appropriate analytical and planning tools, including project management software, CASE tools, or business process diagramming tools. Reviews analysis documents and software to ensure compliance with specifications, requirements, and relevant standards. Provides quality control of deliverables. Participates in the development and design and/or maintenance of application software.

System Analyst/Programmer IV

- A. Experience Requirements:** Seven (7) years of experience in systems programming and/or analysis. Two (2) years of experience in supervision/management of complex technical or ADP related activities.
- B. Education and Other Requirements:** Must have Bachelors Degree in related field or equivalent.
- C. Substitutions:** A one-to-one ratio for experience in lieu of education is permitted.
- D. Responsibilities:** Works independently or as a member of team with other technical personnel and system users. Serves as lead analyst or developer on complex systems. Provides guidance to junior analysts and programmers. Provides leadership in development and review of software and documentation deliverables. Participates in selection of appropriate system analysis and programming tools and methods. Provides leadership in carrying out system development life cycle according to the work plan. Leads requirements analysis, using structured methods to collect design specifications from system users. Uses appropriate tools to capture input from system users and technical personnel in system design. Evaluates input and develops

alternative design and technology application proposal. Oversees development of system architecture specifications, test plans, conversions plans, and implementation plans. Provides senior level system analysis and participates in the development and design and/or maintenance of application software, as required.

System Analyst/Programmer III

- A. Experience Requirements:** Five (5) years of experience in systems programming and/or analysis. If proposed as a Task Leader, one (1) year of experience in supervision/management of project activities.
- B. Education and Other Requirements:** Must have Bachelors Degree in related field or equivalent.
- C. Substitutions:** A one-to-one ratio for experience in lieu of education is permitted.
- D. Responsibilities:** Assist in the selection of system analysis and programming tools and methods. Performs requirement analysis as part of a team. Works alone or as part of a team to synthesize analysis results and programming specifications. Takes guidance from design documents and applies specified methods, tools, and standards in the development of design documents, software code, testing, implementation, and documentation of systems. Confers with technical personnel in planning and integrating database design and program modules. Provides technical direction for junior programmers and analysts during design, programming, testing, modification, installation, and operation of a computer system. Designs detailed programs, design charts, and diagrams, documenting computations and sequence of operations necessary to process data and display results. Translates detailed design charts into code. Verifies accuracy and validity of programs by preparing sample data and testing. Corrects program errors by revising instructions. Conducts structured walk-throughs of completed software, and works with testers and reviewers to document needed modifications.

System Analyst/Programmer II

- A. Experience Requirements:** Three (3) years of experience in systems programming and/or analysis.
- B. Education and Other Requirements:** Must have Bachelors Degree or equivalent.
- C. Substitutions:** A one-to-one ratio for experience in lieu of education is permitted.
- D. Responsibilities:** Assist in the selection of system analysis and programming tools and methods. Performs requirement analysis as part of a team. Works as part of a team to synthesize analysis results and programming specifications. Takes guidance from design documents and applies specified methods, tools, and standards in the development of design documents, software code, testing, implementation, and documentation of systems. Confers with technical personnel in planning and integrating database design and program modules. Participates in design, programming, testing, modification, installation, and operation of a computer system. Designs detailed programs, design charts, and diagrams, documenting computations and sequence of operations necessary to process data and display results. Translates detailed design charts into code. Verifies accuracy and validity of programs by preparing sample data and testing. Corrects program errors by revising instructions. Conducts structured walk-throughs of completed software, and works with testers and reviewers to document needed modifications.

System Analyst/Programmer I

- A. Experience Requirements:** One (1) year of experience in systems programming and/or analysis.
- B. Education and Other Requirements:** Must be a high school graduate or equivalent.
- C. Substitutions:** A one-to-one ratio for experience in lieu of education is permitted.
- D. Responsibilities:** Assist in the performance of requirement analysis for systems under direction of more senior analysts. Assists in the development of pieces of system code under the direction of more senior programmers. Assists in the evaluation, analysis, planning, and implementation of new or enhanced hardware and software at the level of complexity commensurate with experience and skills. Takes guidance from design documents and applies specified methods, tools, and standards in the developments of design documents, software code, testing,

implementation, and documentation of systems. Designs detailed programs, design charts, and diagrams, documenting computations and sequence of operations necessary to process data and display results. Translates detailed design charts into code. Verifies accuracy and validity of programs by preparing sample data and testing. Corrects program errors by revising instructions. Works with testers and reviewers to document needed modifications.

USER SUPPORT SPECIALIST SERIES

User Support Specialist IV

- A. Experience Requirements:** Six (6) years of direct responsibility for management, organization, and scheduling of a variety of support activities. Directly related study courses may be substituted for general experience at a one-to-one ratio.
- B. Education and Other Requirements:** Must have a Bachelors Degree or equivalent.
- C. Substitutions:** A one-to-one ratio for experience in lieu of education is permitted.
- D. Responsibilities:** Oversees the scheduling and execution of all technical support work and sets priorities in conjunction with the client agency. Documents technician performance; and maintains performance records on individual hardware and software resources. Develops cost-effective preventive maintenance plans and guidelines based on knowledge gained from on-the-job experience; schedules repair service, installations, de-installations, moves, repairs, and LAN connects. Advises the Program Manager and client agency when workload peaks indicate the need for extra support and to ensure that appropriately skilled personnel are available. Conducts periodic quality assurance reviews of the work products of the user specialists.

User Support Specialist III

- A. Experience Requirements:** Three (3) years of experience in installing, setting up, troubleshooting, and optimizing systems and in using advanced commands and familiarity hardware and software configurations.
- B. Education and Other Requirements:** Must be a high school graduate or equivalent.
- C. Substitutions:** A one-to-one ratio for experience in lieu of education is permitted.
- D. Responsibilities:** The User Support Specialist III provides additional experience to the front-line representative to user community and is responsible for delivering high quality support services to meet more complex needs. The Specialist III performs complex trouble-shooting and diagnostic services, resolves problems, and resolves undocumented or complex work orders.

User Support Specialist II

- A. Experience Requirements:** Two (2) years of experience in installing, setting up, troubleshooting, and optimizing systems and in using advanced commands and familiarity hardware and software configurations.
- B. Education and Other Requirements:** Must be a high school graduate or equivalent.
- C. Substitutions:** A one-to-one ratio for experience in lieu of education is permitted.
- D. Responsibilities:** The User Support Specialist II is the front line representative to user community and is responsible to users for delivering high quality support services. The Specialist II performs trouble-shooting and diagnostic services, resolves problems, and may assist in resolving undocumented or complex work orders.

User Support Specialist I

- A. Experience Requirements:** One (1) year experience providing basic computer assistance.
- B. Education and Other Requirements:** Must be a high school graduate or equivalent.

C. Substitutions: A one-to-one ratio for experience in lieu of education is permitted.

D. Responsibilities: Provides basic computer assistance. Manages user support functions in an office environment. Performs quality control checks to ensure that staff customers are receiving courteous, high quality, immediate, and correct customer service. Enters data into automated tracking systems and performs searches and generates reports.

DATA AND DOCUMENT CONVERSION SPECIALIST SERIES

Data and Document Conversion Specialist II

A. Experience Requirements: Two (2) years experience in data entry and verification via various input devices. If assigned task or functional lead position, twelve (12) months of experience supervising data entry personnel is required.

B. Education and Other Requirements: Must be a high school graduate or equivalent.

C. Substitutions: A one-to-one ratio for experience in lieu of education is permitted.

D. Responsibilities: Responsible for production activities which may include, but are not limited to, scheduling, data entry, data control, computer data library, and operations documentation. Monitors and improves production procedures. Receives and reviews input and output data (grid sheets, scanner documents, paper tapes, and electronic media). Maintains and revises lists. Controls records and source data used in the preparation of recurring reports and records. Codes source data and list according to prescribed code designations. Investigates and corrects problems causing incorrect input or output. Reviews and QC's work performed. Prepares activity, performance, and progress reports regarding the production support activities.

Data and Document Conversion Specialist I

A. Experience Requirements: One (1) year in data entry and verification experience utilizing various input devices.

B. Education and Other Requirements: Must be a high school graduate or equivalent.

C. Substitutions: A one-to-one ratio for experience in lieu of education is permitted.

D. Responsibilities: Performs data entry and verification of data where applicable. Data is input from numerous types of source documents requiring various formats and software. Work requires the application of experience and judgement in selecting procedures to be followed and in searching for, interpreting, selecting, or coding items to be input from a variety of source documents. Performs routine data preparation and distribution when incidental to data entry tasks.

TRAINING SPECIALIST SERIES

Senior Training Specialist I

A. Experience Requirements: This position requires a minimum of four (4) years experience, of which at least two (2) must be specialized. Specialized experience includes: experience in developing and providing technical and end-user training on computer hardware and application software.

B. Education and Other Requirements: Must be a high school graduate or equivalent.

C. Substitutions: A one-to-one ratio for experience in lieu of education is permitted.

D. Responsibilities: Conducts the research necessary to develop and revise training courses and prepares appropriate training catalogs. Prepares instructor materials (course outline, background material, and training aids). Prepares all student materials (course manuals, workbook, handouts, completion certificates, and course critique forms). Trains personnel by conducting formal classroom courses, workshops, seminars, and/or

computer based/computer aided training. Provides daily supervision and direction to staff.

TECHNICAL SERIES

Senior Hardware Install Technician II

- A. Experience Requirements:** This position requires a minimum of eight (8) years experience, of which at least six (6) must be specialized. Specialized experience includes: supervision of installation technicians, analysis, design, and installation of computer-based systems; analysis, design and installation of local area nets; and analysis and installation of communication systems.
- B. Education and Other Requirements:** Must be a high school graduate or equivalent.
- C. Substitutions:** A one-to-one ratio for experience in lieu of education is permitted.
- D. Responsibilities:** Organizes and directs hardware installations on site surveys. Assesses and documents current site network configuration and user requirements. Designs and optimizes network topologies. Analyzes and develops new hardware requirements and prepares specifications for hardware acquisitions. Directs and leads preparation of engineering plans and site installation. Technical Design Packages. Develops hardware installation schedules. Mobilizes installation team. Directs and leads preparation of drawings documenting configuration changes at each site. Prepares site installation and test reports. Coordinates post installation operations and maintenance support.

Senior Hardware Installation Technician I

- A. Experience Requirements:** This position requires a minimum of five (5) years experience, of which at least three (3) must be specialized. Specialized experience includes: analysis and installation of computer based systems; analysis and installation of local area nets; fiber optic cable installation; Specialized interconnect cable design and fabrication; and analysis and installation of communication systems.
- B. Education and Other Requirements:** Must be a high school graduate or equivalent.
- C. Substitutions:** A one-to-one ratio for experience in lieu of education is permitted.
- D. Responsibilities:** Conducts sites surveys; assesses and documents current site network configuration and user requirements. Designs and optimize network topologies. Analyzes existing requirements and prepares specifications for hardware acquisitions. Prepares engineering plans and site installation. Technical Design Packages. Develops hardware installation schedules. Prepares drawings documenting configuration changes at each site. Prepares site installation and test reports. Configures computers, communication devices, and peripheral equipment. Installs network hardware. Trains site personnel in proper use of hardware. Builds Specialized. Specialized interconnecting cables.

**USA COMMITMENT TO PROMOTE
SMALL BUSINESS PARTICIPATION
PROCUREMENT PROGRAMS**

PREAMBLE

(Name of Company) provides commercial products and services to ordering activities. We are committed to promoting participation of small, small disadvantaged and women-owned small businesses in our contracts. We pledge to provide opportunities to the small business community through reselling opportunities, mentor-protégé programs, joint ventures, teaming arrangements, and subcontracting.

COMMITMENT

To actively seek and partner with small businesses.

To identify, qualify, mentor and develop small, small disadvantaged and women-owned small businesses by purchasing from these businesses whenever practical.

To develop and promote company policy initiatives that demonstrate our support for awarding contracts and subcontracts to small business concerns.

To undertake significant efforts to determine the potential of small, small disadvantaged and women-owned small business to supply products and services to our company.

To insure procurement opportunities are designed to permit the maximum possible participation of small, small disadvantaged, and women-owned small businesses.

To attend business opportunity workshops, minority business enterprise seminars, trade fairs, procurement conferences, etc., to identify and increase small businesses with whom to partner.

To publicize in our marketing publications our interest in meeting small businesses that may be interested in subcontracting opportunities.

We signify our commitment to work in partnership with small, small disadvantaged and women-owned small businesses to promote and increase their participation in ordering activity contracts. To accelerate potential opportunities please contact (**Anne Beecroft, phone 937-426-3421, anne.beecroft@macb.com, fax 937-426-5364.**
